IRIS AND PEONY

BUYERS' GUIDE, FALL '53

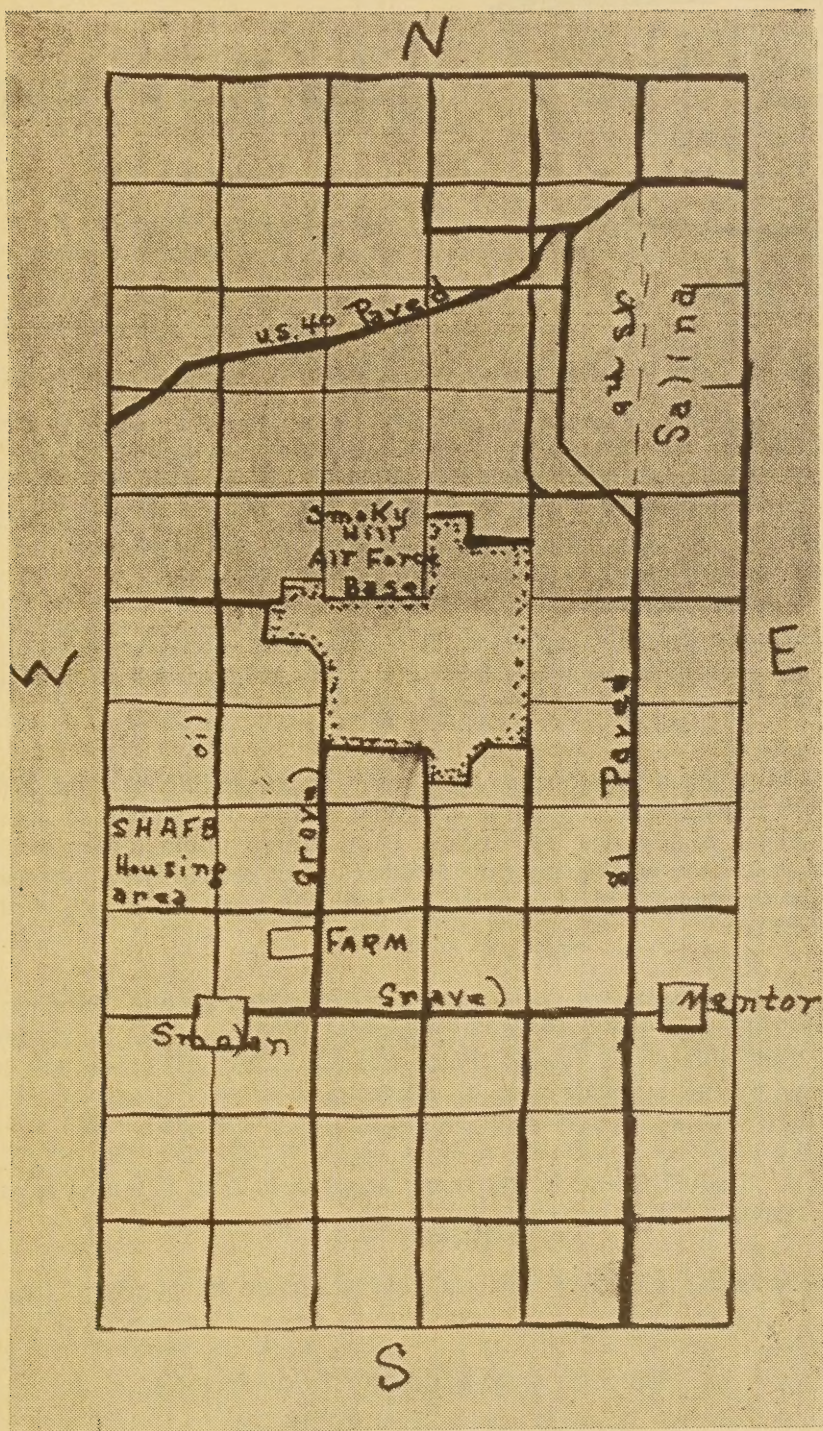

Salina Flower Farms

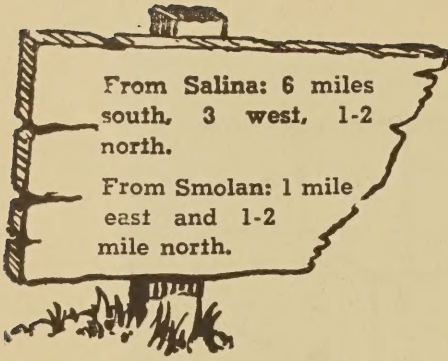

P. O. Box 539

Salina, Kansas

CATALOG NO. 3

PRICES EFFECTIVE APRIL 1, 1953

Salina Flower Farms

P. O. BOX 539

SALINA, KANSAS

To our many friends and customers, old and new:

This is our third year in the Iris and Peony business, our first year to be completely on our own farm. All our stock has been transplanted from the Fair Chance Farm to our own farm, and most of it has been growing there from one to two years. It is in fine condition for sale this fall. We can assure you of large, strong, inspected rhizomes. We are very grateful for your past orders as well as future ones, and will endeavor to serve you satisfactorily.

Visitors are welcome any time. The preceding map gives you the Salina area with the exact location of our Iris Farm. Our office is still at 129 South 7th. Phone No. 9141.

Now a word about those orders you expect to be sending us soon. We like to receive them just as soon as possible after you receive our catalog so we can process them ahead of the rush of digging. Plant orders unlike other commodities must be placed ahead of planting time to insure your getting what you want. This is especially important this year when we will run short on many of the more popular sorts.

Our orders are booked as received. First come, first served. No stock reserved for later shipment. Hence, it is recommended that you place your order early and if at all possible give a second choice when ordering. All orders are acknowledged giving the approximate date of shipment.

We wish all you Iris and Peony lovers could visit us at our new location. Although, not complete, it is very nice.

Kansas sunshine, plenty of rain and rich soil make for plenty of fine healthy roots.

Yours for more beautiful Iris and Peonies.

L. J. BRISCOE

TERMS OF SALE

Please read carefully before ordering.

GENERAL: This price list cancels all previous listings and is subject to change without notice.

TYPE OF ROOTS: Plants are vigorous and acclimated to this section assuring their success in any garden. Only disease free STATE INSPECTED non-irrigated First Class plants sold. However, please remember that not all varieties have giant sized roots.

SUBSTITUTIONS: When sold out of a variety, we substitute with an equally good or higher priced sort unless advised to the contrary. Otherwise, please list several acceptable substitutes.

GUARANTEE: All stock guaranteed true to name, of fine quality and to reach you in live and growing condition. If a plant does not grow, claim must be made before October 1, year of delivery. We will either replace or refund your money, our option. Guarantee does not apply to Eupogon (Bearded) Iris shipped in the spring.

TERMS: Cash with orders, please. Make checks or money orders to SALINA FLOWER FARMS. Orders \$3.00 and over, shipped POSTPAID anywhere in the United States. Add 35c for postage on orders less than \$3.00

Foreign Customers—sorry, no foreign orders this year.

Residents of Kansas: Include 2% State Sale Tax on all orders.

MINIMUM ORDERS ACCEPTED—certain plants must be packed and shipped separately. See paragraph headings of each section where applicable.

TIME OF SHIPMENT: Orders filled in rotation received as follows—Eupogon and Pogon Iris—July 15th until ground freezes. Spring until about April 10th. Siberian, Spuria and Misc. Iris—Fall beginning Sept. 15th; spring until about April 10th. Peonies—Fall, September 15th and early spring.

FREE IRIS: In addition to pricing our stock low, on orders \$5.00 and over, we will give an additional iris equal to 20% of your order. We select the variety from among our higher priced surplus sorts but you may indicate color preference.

RESERVATIONS AND FUTURE SHIPMENTS: All orders booked for shipment as soon after July 15th as possible; orders booked for shipment in order received. Peonies and other items which must be shipped later will be booked for shipment in order received.

IRIS

"OUR SPECIALTY FLOWERS"

In the following pages you will find our complete listing of the numerous varieties of iris grouped into section for Dwarf, Intermediate, Tall Bearded, and Re-Blooming. Additional sections for different iris families will also be found as follows:

The **Apogon Iris** includes the Spuria, Siberian and Miscellaneous Iris sections.

The **Subgeneric Hybrids** includes the section we have listed as Miscellaneous Bearded Iris.

Iris Descriptions

To conserve space in our catalogue we have resorted to a "code" system of presenting information. Height given in inches follows the name with season of bloom next indicated by letters E-early, M-midseason or L-late. Fragrance denoted by *. Winners of various Iris Society medals are indicated by HM (Honorable Mention), AM (Award of Merit), DM (Dykes Medal), GM (Gold Medal), and SM (Silver Medal).

DWARF BEARDED IRIS

For the rock garden and along the walks, nothing is so charming as these prolific, suitable hardy sorts which bloom from March until the middle of April (and some even later). Due to the increased interest in these Tom Thumb iris and because many of the newer ones challenge the colorful hues of their taller brethren, we offer the ample color selection below.

Prices Postpaid if total iris order is \$3.00 or more.*

INTERMEDIATE BEARDED IRIS

This group of iris generally come into bloom after the early dwarf iris and some even bloom late into the tall bearded season. The height on these run from 18" to 28" inclusive as this is the currently used classification of The American Iris Society.

To lengthen your iris blooming season, try some of these—the colors are just as bright as their tall bearded brethren. Prices Postpaid if order totals \$3.00 or more; for quantity prices see elsewhere in this catalog.

Please give 2nd choice or allow us to Substitute

Apparition, 30" M, tawny S; pastel blue, tan bordered F **3.00**

Berloiz, E smoke color **1.00**

Elizabeth Huntington, 18" M, crinkled petals in medium blue, sometimes called Blue Zua **.50**

St. Osyth, 30" M, duck egg blue self **2.00**

Zua, 18" E, the most crinkled and ruffled iris grown; pearl grey; this is the white form of Elizabeth Huntington, very unusual **.50**

We are proud that for several years we have offered these fine re-blooming iris—iris which in the southern 2-3rds of the country will give two or more crops of lovely bloom. Every year we have picked blooms in the fall until freezing weather sets in.

These iris are hardy as other iris but they should be given a short rest after the spring blooming seasons then watered heavily to produce the succeeding crop of bloom; divide frequently.

For quantity prices see elsewhere in this catalog. Prices postpaid on all iris orders of \$3.00 or more.

Autumn Elf, 18" M*, S olive cream; lavender F. HM **.50**

White Autumn King, 28", EE, snow white **.50**

MISCELLANEOUS BEARDED IRIS

(Eupogocyclus, Eupogorelia, & Misc.)

There is always something new under the sun and particularly in iris. In this group are found the results of crossing two distinct races of Irises to produce heavily veined and netted or marked petals. Through involved breeding and crossing of "Eupogon" and "Pogon" iris we have the "Mohr" family and many other oddities all of which are perfectly hardy.

These like a dry, sunny location and we have found each one winter hardy if the newly set plants are lightly covered in the late fall.

For quantity prices see elsewhere in this catalog; prices postpaid on iris orders of \$3.00 or more.
